## Dual-Living

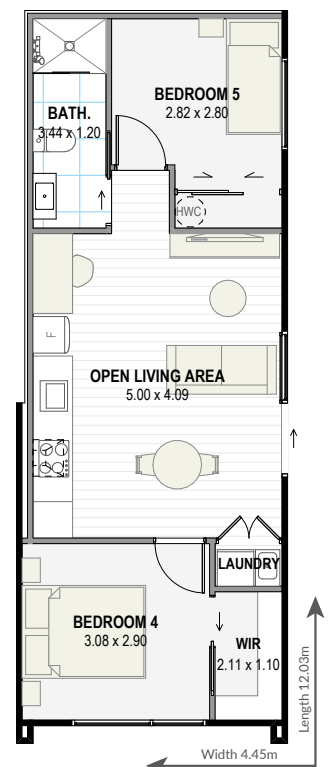

Adaptable and future-ready, the Meridian dual-living design grows with you. Whether it's used for extended family, rental income, or a combination of both, it provides a lifestyle of flexibility without compromise—an option is shown for a two-bedroom unit if preferred.

Natural light, a clever layout, and thoughtful flow allow this plan to optimise its use of space and functionality. The single garage and well-placed bedrooms (with a private ensuite for Bedroom 1) plus a living area achieves a welcoming and inviting layout.

Every square metre of the main home and self-contained unit is designed for comfort, functionality, and modern family living.
